Hi there!

My name is **Shaik Shakeeb**. I reside in a town called Madanapalle which is in Chittoor dist., Andhra Pradesh, India. I am a graduate in Business Administration from Lovely Professional University, Punjab.

Currently, I am an Assistant at Online KAM and it has been 2 months since I started this journey with this affable organisation.

First things first, I would like to show my profound gratitude to Online KAM.

## **My experience with Online KAM**

It all started when I had no enough finances for my own daily expenses. So I was searching for some part-time home based jobs where I could earn to compromise my routine expenses. From the very beginning, I was scared of losing my money to some fraud companies and getting their work done by not receiving any payment but life is all about risks and finally I came across Online KAM.

I applied for it on some job portals and within no time I got a call from Online KAM. So I spoke and clarified all the issues, T&C and pay-out details. Then I started my work.

‘With a diverse amount of services that Online KAM provides, I started to earn some finances for my expenses. Even though I am busy with day to day work, I still take my time for Online KAM and work. It has helped me in many critical situations and the trust that I have established with Online KAM is invulnerable.’

I have had a great experience working here and I believe and as I said “Your search ends here...”, is legit when it comes to Online KAM.

Lastly, I would like to thank Online KAM again for this beautiful journey and helping me to face the world with my head raised up and deal with it.

Thank you!
